Enhancements

Add to your day any of the listed enhancements provided by Vizcaya Villa. Enhancements may be requested and added to your event day following booking.

Pre-Wedding Set-Up/Indoor Access

If you would like to begin setting up for your special day following your rehearsal (pre-scheduled at the time of booking), you may add 2 or more hours of indoor access to drop off items and begin set up. Items may be left inside. The hourly rate of \$250 is due to secure your access. Vizcaya Villa is not responsible for lost, stolen, misplaced, or damaged items.

Additional Property Time

Want more time on the property on your wedding day? We will add additional property time for a flat fee of \$250 per additional hour. Contact us for more details.

The earliest gate open is 12 pm (noon), and the latest gate close is 12 am (midnight)

Post Wedding Break Down & Pick Up

Is your rental company not available for same-day pickup? Is your ceremony arbor too large to fit into your car? Planning is crucial to a successful wedding day. During your planning process, if your ceremony or reception setup may require additional time to break down, you may add additional property time following your wedding for a flat fee of \$250 per hour. Contact us for more details.

Striking Fee - Ballroom Chairs

While Ballroom reception chairs are included with your facility rental, many couples outsource a different chair style for their reception. While we welcome this flair of creativity, a striking fee of \$200 will be assessed to accommodate this switch. We will remove the included ballroom chairs and store them out of sight for your reception.
